

*How to make money with IBB estimator app?*

# Earn with us - the IBB Loyalty Programme

**IBB Estimator offers an excellent opportunity to make some additional income. There is no magic. Here is how it works.**

We have decided to dedicate 6% of our profit to businesses and individuals that promote us. Instead of spending this funds on an advertisement we pay our loyal customers. It is a networking programme where we pay a commission for every recommendation to the new customer.

To take an advantage of the IBB Loyalty Programme, you have to be a registered user of IBB Estimator. Once you accept the terms and conditions of the programme, you will be able to recommend us to 10 of your friends or businesses that might be interested in our products and services. Those ten referred customers will be able to mention IBB to next ten customers each, making 100 in total. Next 100 IBB registered users if refer IBB again to ten new customers will make 1000 in total. See table below:

In order for the referrer to qualify for a reward, the referred person must be a new, unreg-

istered customer to IBB and has to present the referrer's unique login when they register for IBB Estimator app or online version. The registration is obligatory. When the referred customer registers at IBB all his purchases will be recorded in our database and the commission will be granted to the referrer. The IBB loyalty programme is based on the main principle - IBB Polish Building Wholesale sell over 5000 carefully selected products and materials at the best prices and the registered users of IBB Estimator qualify for special discounts and offers.

<b>Your TOTAL annually earnings can reach ...</b>			<b>£385,200*</b>

\* Quotation is based assuming that each buyer will purchase for 1,000 net per month. Even build up group and commission will be smaller – still the money are earned “when you sleep”.

*"You cannot be  
that overworked  
not to have time to make money".*

The possibility of rewards is significant as the commission can be earned on all three levels, what makes the IBB Loyalty Programme an excellent opportunity for additional income. The rewards can be obtained from the maximum 1110 referred customers- 10 in the first level, 100 in the second level and 1000 in the third one. The referrer and the referred customers are not paying anything to participate. It is simply the referral programme based on loyalty to IBB. The earnings are made from the commission on the purchases in IBB Polish Building Wholesale.

The table below shows the possibility of earning extra income by the full commitment to the IBB Loyalty Programme. It is based on the assumption that the referrer will build three levels of referred customers, and each registered IBB estimator user will make a purchase at IBB of at least £1000 per month. Order value of £1000 is an average spending for the builder or small company. Excellent rewards can be gained not only by building three levels of IBB customers. If you can mention IBB to

customers that buy more often and value of their orders is higher than you can earn same commission with a smaller group of referred customers.

Our specially designed accounting software records each transaction and links each customer's purchase to the login of the referrer. Moreover, the registered user of IBB Estimator can in real time track all purchases, monitor own profit and profit of his whole group and the amount of reward earned.

Rewards in the form of a bank transfer will be paid to the referrer's bank account only after the referrer issues IBB the correct invoice in specially designated option in IBBestimator online within a month after rewards were earned. Rewards will be valid for one month from the date earned by the referrer.
