Dimension	<b>467 [L ]x 286 [W] x 68 [H] mm</b>	Warranty	<b>2 lata</b>

Qbrick System ONE Drawer 3 Toolbox is a very spacious, modular toolbox. Equipped with three low drawers, pulled out on metal guides. A convenient button provides easy access to their contents. The drawers are equipped with adjustable ABS partitions. 3 long and 8 short partitions allow for the separation of 12 separate chambers with adjustable size.

Polyamide side connectors allow for easy connection with other modules from the ONE line. The Vario cover also allows for the connection of the drawer with the PRO system. Comfortable side handles in the body ensure convenient carrying of the module. Tool identification is provided by a place for a label secured with a polycarbonate cover.

Bodies adapted for the installation of M8 threaded inserts allow for the possibility of any personalization of the system to the user's needs.

Additionally, on the back of the body there are places allowing the module to be hung on the wall.

The maximum load capacity of each of the 3 drawers of the Qbrick System ONE Drawer 3 Toolbox 2.0 is 8 kg.

In order to protect the drawer from theft of its contents, a steel bolt is used, adapted to the use of a padlock.

Qbrick System ONE Drawer are not compatible with ONE Transport Platform 1.0. The ONE Transport Platform 2.0 Allterrain and Workshop are dedicated to them.

\*Note! The QS ONE BOX 2.0 and QS ONE BOX 2.0 Plus boxes cannot be used as a base for attaching the QS ONE Drawer 2, QS ONE Drawer 2 Plus and QS ONE Drawer 3 boxes
