Dryliner Bracket ES 60/175 for CD60 ceiling profile

The PUNTO profile is made of galvanized sheets with a thickness of 0.50, 0.60, according to customer requirements. Thanks to the removal of the right refining sheet metal in the profiling process, it is possible to produce MOLETED profiles. At the threshold of our profiles, you can easily contact the rack to the wall from 50 mm and high-quality suspended ceilings.
