Qbrick System ONE Organizer XL is the largest model in the family of modular organizers that can be combined with each other, but also with all boxes from the ONE line.

The XL organizer is equipped with new, two long buckets measuring over 30 cm each. Additionally, the organizer contains 2 medium and 4 small buckets.

Version 2.0 of ONE line products is a new generation of tool boxes and organizers with a reinforced structure. Additional adaptation of the bodies for mounting threaded inserts in size M8 makes it possible to freely personalize the system to the user's needs.
