Plasterboard fireresistant SINIAT Plus Tapered Edge 2600x1200x12.5mm

Siniat fire rated plasterboard, popularly known as fireproof plasterboard, is a building material designed to resist or withstand fire.

Specialized plasterboard (GKF / TypDF) intended for use in rooms with fire protection requirements. It is characterized by increased fire resistance and acoustic insulation. Approved for use in rooms with a relative air humidity of up to 70%.
